We represent a new concept of hospitality that combines the services and comfort of a hotel and the warm intimacy of an apartment.

Our apartments are located inside a typical seventeenth century building of Milan, redecorated in compliance with the original architectural features. The building tells the story of the architectural tradition of Milan and fits perfectly in the context of the territory.

The apartments are really spacious, ranging from 52 to 190 square metres, in order to answer to our guests' needs for space. Every single detail of the interiors is elegantly taken care of, so to create a welcoming and comfortable atmosphere: from the branded home interior, to the wooden beam panelled ceiling, up to the choice of Lombard nineteenth century furniture, everything has been imagined to make our guests feel at home.

THE NAVIGLI AREA

Our Residenza is located in the beating heart of Navigli, a neighbourhood characterized by the energy of the bars, the typical restaurants, the shops, the flower markets and the antique dealer boutiques.

However, back in the days, the area was not so popular among the citizens of Milan: Navigli was a port area of Milan, made of navigable channels built between the XII and the XIX centuries and connecting Milan with Maggiore lake, Como lake and the sea.

Nowadays, the area has undergone a major renovation and has highly increased in value, driven by Expo 2015: thanks to the opening of the new Darsena – literally, ‘dockyard’ – it has become a meeting point and the perfect place to enjoy a night-out with friends. It is a neighbourhood with a romantic and pictureque atmosphere, where you can taste the real aperitivo of Milan, walk through the vintage markets or have fun in the trendiest bars and clubs.

A few steps away from the Residenza, where via Ascanio Sforza meets via Conchetta, you could bump into ‘la chiusa della Conchetta’ – literally the sluice of Conchetta. We suggest you take some time to admire this part of the project ideated by Leonardo da Vinci to connect Milan and Pavia.

Residenza Ascanio Sforza will allow you to live all the experiences that Milan has to offer, while offering comfort, peace and relax.

MILAN A PLACE TO DISCOVER

Milan. A fascinating city. A city that will amaze you. A cultured, modern, lively city, rich in art and culture. And at the same time, an industrial and cosmopolitan metropolis, with a great night life.

From the modern and high skyscrapers of Garibaldi, to the narrow refined streets of the characteristic Brera neighbourhood, from the historical city centre where the Duomo and its Madonnina soar, to the streets of exclusive fashion and shopping in San Babila, Via della Spiga and Montenapoleone, up to the lively area of Navigli, crowded with restaurants and bars: Milan is different in each neighbourhood. Alongside the most renowned touristic places, it conceals unexpected and breathtaking spots, such as the sluice projected by Leonardo, located just opposite Residenza Ascanio Sforza.

In the last few years, Milan has deeply changed, thanks to its appointment as the city of Expo 2015: the city has gone through a radical urban change, making it even more fascinating.

Carlo Castellaneta wrote about his Milan: “There are cities whose beauty is immediately clear, cities that give themselves to everyone. And then there are other cities, secret cities, which love to be discovered”.

We wish you a nice stay and an inspiring journey to discover Milan.
